About REASL

REASL is a private sector led organization that is focused on developing an efficient renewable energy market for achieving universal energy access in Sierra Leone. To achieve this objective, REASL works with GOSL entities and other stakeholders to craft efficient market policies; ensure that only renewable energy products that meet international quality standards for performance and safety are imported into Sierra Leone; and train the workforce that is needed to sustain this green growth sector.

To apply for REASL membership, please complete this Membership Form electronically and send the completed Form by email to info@reasl.com with the following attachment(s):

1. Copy of legal registration of the organization or entity that is applying for REASL membership.

Upon approval of membership application, REASL President will respond to the new member with a welcoming email together with:

- Bank information for payment of membership dues.
- Association Bylaws and Code of Conduct for the new member's signed agreement to abide by them.

All questions relating to this application should be addressed to REASL Secretariat:
Mobile: +232 99 733 744

Member companies will be listed on the REASL website directory with the contact details and the profile you have submitted here.

Please tick here if you would prefer not to be listed. ✓

Membership is on an annual basis, and renews on 1st January each year. Any member may terminate membership in the Association by serving notice in writing to the General Secretary no later than three months before the end of any membership year i.e. before October. No refunds will be made in respect of any subscriptions previously paid.

By signing below, I confirm that I agree to adhere to the Association's Bye-Laws, Code of Conduct and accept the Terms and Conditions of Membership.

By signing this membership form, I agree to abide by the constitution of REASL.

Declaration

I/we hereby declare that i/we or any member of my/our company will not involve directly or indirectly in the importation of solar products that do not carry IEC standards to benefit from Duty / GST waiver.
